### ***Mark 14:1-9***

We cannot allow evil to fester in our hearts, it will come to be.

Sometimes we criticize others, because it is something we don't like in ourselves.

The disciples were carrying on about how Mary had wasted the oil. But Jesus came to her rescue. We serve a God who will say, "Leave her alone."

We can help the poor whenever we want to.

The most effective way to reach the heart of God is to give.

You cannot bring stuff to people when it is beneath their experience.

People will respond to us based on our experience.

We cannot give Jesus something that doesn't cost us anything.
