Galatians 3:10-14

The Law Brings a Curse

The Changeless Promise (v.15-18)

God's promise cannot be taken back just because the law comes later on.

The law can't be superior to what comes before it.

Purpose of the Law (v.19-25)

There's no conflict between the law and the promise.

The law does not lead to salvation and justification.

The law provides protection.

Sons and Heirs (v.26-29)

We are not all God's children. Only those who believe.

We can demonstrate we are God's children by how we follow.
